Applicant is required to provide **Any and All** documentation that they are aware of regarding DuPont's development and prior use of the materials identified by DuPont product numbers T743, T749, and 98West/4.

Applicant is also required to provide **Any and All** known documentation of Applicant's agreements with DuPont that they have regarding their agreements with DuPont to perform this testing for the preferred use of the materials identified by DuPont product numbers T743, T749, and 98West/4.

Applicant is also required to provide **Any and All** known documentation of Applicant's and/or DuPont's common testing under their agreement with DuPont performed for the preferred use of the materials identified by DuPont product numbers T743, T749, and 98West/4.

Applicant is also required to provide **Any and All** known documentation that set forth facts that support Applicant's argument that the materials identified in applicant's specification

by DuPont product numbers T743, T749, and 98West/4 were not commercially available prior to the priority date of the instant application.

Applicant is also required to provide **Any and All** known documentation that set forth facts that support Applicant's argument that the materials identified in applicant's specification by DuPont product numbers T743, T749, and 98West/4 were not known to use the example materials as medical protection sheeting.

The applicant is reminded that the reply to this requirement must be made with candor and good faith under 37 CFR 1.56. Where the applicant does not have or cannot readily obtain an item of required information, a statement that the item is unknown or cannot be readily obtained may be accepted as a complete reply to the requirement for that item.

This requirement is subject to the provisions of 37 CFR 1.134, 1.135 and 1.136 and has a shortened statutory period of 2 months. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
